Abbey Grange – A Home of Distinction, History and Grandeur

Abbey Grange occupies a truly special position, standing on land steeped in history dating back to the monks of St Werburgh and later associated with the prominent Stanley family, including Sir Roland Stanley and Sir Thomas Massey Stanley, Sheriff of Cheshire. The property itself, evolving over centuries and enhanced with a striking stone façade in the mid-to-late 1800s, offers a rare blend of heritage and modern luxury.

Today, Abbey Grange forms part of an exclusive gated enclave which also includes three executive residences. Abbey Grange has its own gated entrance, providing both privacy and prestige along with extensive parking and outdoor space.

This exceptional property has been comprehensively refurbished, offering modern efficiency alongside timeless character. Improvements include a NEW roof, NEW windows, NEW plumbing and electrics, along with 2 brand NEW kitchens (one being the utility) with integrated appliances and 5 stylish bath/shower rooms.

Further enhancements include NEW carpets to principal rooms and tasteful redecoration throughout in Farrow & Ball tones, creating a high-quality, move-in ready finish.

Importantly, while the home is rich in history, it is not listed, providing flexibility for future alterations if desired.

From the moment you arrive, the architectural presence is undeniable, Gothic features, a commanding façade and an impressive central entrance with double doors set the tone for what lies within. The grand entrance hall is truly breathtaking, showcasing remarkable scale, period detailing and an immediate sense of character and refinement.

You will find 2 principal living spaces, both equally impressive, with generous proportions, tall ceilings and elegant features that create an exceptional environment for both everyday living and entertaining. A beautifully designed bespoke kitchen forms the heart of the home, centred around a substantial island ideal for hosting and family life.

The lower ground floor offers further versatility, featuring a fully functional “garden kitchen” or secondary working kitchen which provides direct access to the main gardens, along with a WC and additional storage with hot water tank.
